

TECHNICAL BULLETIN

To: All Orange County Speedway Charger, Pure Stock, MOD4 and Southern Outlaw FWD Owners, Crew Chiefs, and Drivers

Effective September 23, 2020 – The following amendments have been added to the 2020 OCS Rule Books:

CHARGER

SHOCKS:

Oil or gas pressurized shocks allowed. No external adjusters permitted on shocks. If gas pressurized shocks are used, 50 lbs. must be added to the total weight and right side weight

CLARIFICATION ON WEIGHT PENALTIES:

1. 50 lbs. must be added to the total weight AND right side weight when gas pressurized shocks are used
2. 25 lbs. must be added to the right side when 5 ½" racing clutch is used
3. 25 lbs. must be added to the right side when LMSC style angle plug head engine is used

Note: The aforementioned weight penalties will be cumulative. Ex. Cars running gas pressurized shocks and a 5 ½" racing clutch must weigh 3150 total / 1475 right side

PURE STOCK, MOD4, SOUTHERN OUTLAW FWD

WRECKER HOOKUPS:

Must have wrecker hookups under the hood and inside trunk area to safely lift car in case of an accident
